

# Arsenal Tenant Meeting Nov. 23

An information meeting for prospective tenants of agricultural lands at the Joliet Arsenal will be held at 1:30 p. m. Tuesday. Leases on more than 5,000 acres will have run out by the end of the year.

Better management methods and erosion controls are to be stressed in the issuing of new five-year leases. Professor L. F. Stice, of the University of Illinois, will discuss the grain outlook for the next few months at the meeting.

Sealed bids, in duplicate, will be received at the office of the post engineer, Joliet Arsenal, until 10 a. m., Jan. 5, 1949.

The Will County Farm Bureau and Soil Conservation district are cooperating with army officials in the project.
